"GREAT BREAK THROUGH!!!
The Chief was saved!!! I had sent him out of here about three months earlier for medical attention as he almost died on us here. In the town of Rio Branco, two days before his very dangerous operation, he was wonderfully saved in a local Baptist Church! His testimony would bring tears to your eyes. Everyone here in the tribe had thought that he had already died. Well, he came back home from his trip a cured man and, most important, a **SAVED** man! You should hear him preaching and teaching his people in their own language! What a step forward for the Gospel here in the jungles! **PRAY** for Raimundo! The enemy will be after him in many ways! We **THANK YOU** all who have prayed for the work of the Lord here!!!!"
